Dancer and Family Responsibilities:

- Monitor dancer's health at home and do not attend class if showing any symptoms for the last 24 hrs.
- Report possible exposure so we can keep our families informed and comply with state contact tracing requirements.
- Take proper precautions if dancer/family has traveled out of state
- Be prompt with drop off and pick up times—remember the lobby will be closed
- Follow proper parking lot safety- no waiting by the curb for pick up.
- Limit personal items dancers bring to class. Cubbies will be closed and dancers will be required to place personal items on a marked table in each studio. Minimal personal items means more dance space.
